ALL-NEW VIONATE-L

SQUIBB'S HIGH POTENCY VITAMINS AND MINERALS SUPPLEMENT

Vionate-L is an all-new formula containing 18 important vitamins and minerals.

Grain and grasses often lack many of these essential vitamins and minerals or lose them in storage. Vionate-L helps keep valuable horses in prime condition through proper feeding. Vionate-L helps build good bone, prevents rickets, is particularly beneficial for the brood mare to provide bone-building calcium, phosphate and Vitamin D. Recommended as an addition to Creep for young foals.

Vionate-L is packaged in 2 lb. and 5 lb. canisters, each containing handy 1 oz. measuring cup.

Pellets of Vionate-L are slightly larger than oats, the ideal size, shape and crunchiness. Horses will not "snort" it away.

Preface

The sincere desire of "Mr. Thoroughbred" is to give to the Racing and Breeding personnel and all their associated patrons, the complete statistics as compiled from the Prairie Circuit of Racing, in 1961.

The Publishers of "Mr. Thoroughbred" wish to acknowledge the assistance given by the various racing organizations in Western Canada in compiling the information contained herein.

"Mr. Thoroughbred" will be published annually February 1st.

THANK YOU

Mr. Thoroughbred 1962 contains records of all horses, owners, trainers and jockeys having participated on the Prairie Circuit of Thoroughbred Racing in 1961. A considerable number of these horses, owners, trainers and jockeys also raced at other tracks. Race statistics from other tracks are not included in the calculations herein. This information may be obtained from similar publications published by other circuits.

Monies earned by Owners, Stables and Horses are gross figures. Breeder's fees are not deducted. Records of Owners and Stables are individual, not grouped. Statistics contained herein are pertaining to Calgary, Edmonton, Regina, Saskatoon, Lethbridge and Winnipeg.

In 1961, there were 190 two-year-olds, 214 three-year-olds and 758 four-year-olds and up, for a total of 1,162 racers on the above mentioned race tracks.

EXPLANATION OF OUR "SPEED CLASSIFICATION" (Not a Speed Rating)—Our classification is based on the following: Class of company, earnings, age, and time and especially adapted to half-mile tracks. There are a small number of horses among those recorded herein, that proved to perform to their best capability on other than half-mile tracks and on classifying, we have taken this into consideration. In 1961, about 74 per cent of the top rated horses during the first part of the season were winners. The rating dropped however when new horses started running on this circuit.

Two-year-olds are divided into three groups—ranging from 108 down to 96.

Three-year-olds are divided into five groups—ranging from 108 down to 88.

Four-year-olds and up are divided into eight groups—ranging from 112 to 75.

M & D STABLE

By W. E. OSLER

One sunny afternoon last September, a moderate-sized brown filly broke out of the Calgary gate on top and kept in front to win the first running of the \$8,000 added Stampede Futurity by five lengths going away. In doing so she added several paragraphs to the history books of Western Canada racing. That day she—

- (1) won her fifth race and fourth stake in six starts;
- (2) became the richest western two-year-old in history with earnings of \$20,993;
- (3) became the third stakes-winning offspring of her dam;
- (4) clinched the 1961 leading owners' title for the M & D Stable;
- (5) gave her young owners their third juvenile championship;
- (6) proved herself one more good one in the long history of her no-so-young breeder, father of the stable owners.

Silent Sandra is owned by the M & D Stable—racing name for Marella, Diane and Douglas Smith. They are the son and daughters of Mr. and Mrs. Maxwell (Mike) Smith, living on the Banff Trail a few miles from Calgary's western limits.

Mike Smith, their father, has bred the winners of more races and more money than any Western Canadian thoroughbred breeder now living. Since records were kept, starting in 1925, colts and fillies from his farm have got down in front 528 times and have earned \$388,537. Only the huge establishment of the late R. James Speers can top this record in Western Canada. These figures hold good to the end of 1960. The 1961 accomplishments of Silent Sandra and other Smith-breds will bring the total to well over \$400,000.

The whole thing—the M & D Stable and the Smith breeding establishment—is a working business, no rich man's plaything. On the farm the work is done by the family with no hired help. Douglas and the two girls received their education at local and Calgary schools. A younger daughter, Sandra, still is at school, but no doubt will become a partner in the stable when she finishes. On the race track, since the stable was started in 1956 they have had three trainers—Roy Johnson, Billy Taylor and in 1961, D. G. "Boomer" Rees.

For many years, the Smith colors were absent from the track, as they sold or leased their horses on fraying age. Then, in 1955, Marella decided to race Marella's Idol in her own name. The following year she and Douglas formed the M & D Stable, with Diane becoming a partner in 1959. It would be hard indeed to find another stable that had such unqualified success in its early years.

Mike Smith, their father, is a tough and knowledgeable Scot who has known and handled horses since his early youth when he travelled the length and breadth of Scotland as apprentice to an itinerant horse trader.

In Calgary he operated a sales stable for some years before getting into the Thoroughbred busi-

ness. He registered his first Thoroughbred foal in 1922, a colt named Young Lochinvar by *Yorkshire Lad out of a mare called Calalta, bred by W. S. Herron of Calgary. There is no record of Young Lochinvar winning a race.

However, it was not long before Smith-bred horses began finding their way to the winner's circle. The first published records, dealing with the period 1925 to 1935 show that Mike was 32nd among all Canadian breeders for the ten years, with 17 winners of 79 races and winnings of \$32-105. That may not seem much by today's standards but purses were low in those days, and it is interesting to note that in 1935 the mighty Joey was leading Canadian money winner with \$10,630. (In 1960, Victoria Park led the list with \$167,914, and 40 horses over two had winnings for the year of more than \$10,000).

Records for those early days are sketchy and it is difficult to find details of stake-winnings and such, but we do know that Smith-bred horses have won three Alberta Derbys, three Birdcatcher Stakes, three President's Juvenile Handicaps and two Youthful Stakes plus a host of near-stakes, handicaps and good allowance races.

One of the best known of the horses raised by Mike Smith was Pagan Knight (Jopagan—Valley Park Maid). He won the Alberta Derby in 1936, and had considerable success as a sire, having fathered the Alberta Derby winner Knight Pilot and Pagan's Pride, 1956 winner of the Canadian Derby Trial. In all, Pagan Knight left the winners of 186 races and \$176,883.

Another remarkable Smith-bred horse was Noble King (Nepperhan—Valley Park Maid, 1939) a half brother to Pagan Knight. While he never won a stake he still managed to get in front 33 times for earnings of \$34,610 between the ages of three and nine. His best year was at the age of eight when he won ten races and \$10,735.

Perhaps Mike's most fortunate acquisition was Lady Hammond, which he purchased with her foal Marella, from Mrs. Ruth Stedman in 1936. She is the ancestress of the colts and fillies that have kept the M & D Stable at or near the top of the list in recent years. Lady Hammond's dam, Lady Lomond, produced eleven winners out of thirteen foals in as many years, though none won stakes. Since then, each generation of the family has shown improvement.

Lady Hammond was one of her dam's two non-winners, but has proved by far the most important of her offspring. She produced the Alberta Derby winners Roman Marcus (while under Mrs. Stedman's ownership) and Knight Pilot and five other winners, including the filly Marella, dam of the stakes-winners Marella's Idol and Golden Jubilee (both by Valdina Streak) and the stakes-producers Queen's Pilot (Pagan Knight) and Sandra Dale (Mighty Car).

Marella's Idol won the E. D. Adams Handicap at two and four other races at two and three. Golden Jubilee won 17 races including the Alberta

Derby, Birdcatcher Stakes (dead heat) and President's Juvenile Handicap and placed in other stakes. In all she won \$31,703.

Sandra Dale was unraced, but has produced three stakes-winners from four foals. Her other one, Fond Farewell, broke down each time he started. Sandra Dale's sire, Mighty Car, though a winner of eight races himself, left nothing that could run fast enough to keep warm, but he became important to Western Canadian racing when he sired Sandra Dale. Her son Sandy Streak (Valdina Streak) and her daughters Sandy's Sister (Coast Invasion) and Silent Sandra (*Irish Phil) were all leading juveniles of their year. It is noteworthy that all are by different sires and each is the best of his or her sire's get to date. Unfortunately Sandra Dale died of a heart attack while carrying her fifth foal. Her three children to get to the races have won, between them, 27 races including ten stakes and nearly \$70,000.

The M & D Stable, since it was started in 1956, has won 66 races including 16 stakes and more than \$105,000. Golden Jubilee, Marella's Idol, Aerial Wonder, Sandy Streak, Sandy's Sister and Silent Sandra, the stakes winners, have of course been the big contributors. Incidentally, all but Aerial Wonder are the direct descendants of Lady Hammond. The stable has had other useful campaigners too, but below stakes class.

Any stable must expect its ups and downs, but so far M & D has had only one "down", that being in 1960. That was a disastrous year in which their only win was with a two-year-old, Golden

Phil by *Irish Phil out of Loyal Lily. Aerial Wonder did not train well and broke down after two years. Golden Jubilee was at home starting a family, Sandy Streak had three seconds and Sandy's Sister's best effort was a third. The stable earnings were \$2,365.

However, Silent Sandra changed things in 1961. She set a track record in her first start and from there went on to win the President's Juvenile Handicap, the Youthful Stakes, Kindergarten Handicap and Stampede Futurity. Her only defeat was in the Birdcatcher Stakes, when she was beaten by the colt Marda Me, while giving him 12 pounds in actual weight. This was good enough to put M & D at the top of the Prairie owners' list for the third time in their six years of operation.

The Smiths have yet to raise a Canadian Derby winner, but Silent Sandra might be the one. She has not been over-raced and most of her admirers feel that she will "go on" for the longer distances of the three-year-old races.

If not, there will be other good ones. Two more of Marella's daughters, Golden Jubilee and Marella's Idol are raising families and it won't be long before Sandra Dale's daughters Sandy's Sister and Silent Sandra are doing the same. Some one or two of the representatives of this fine breeding family will produce more good winners, perhaps the winner of a Canadian Derby—perhaps of a Queen's Plate. The presence on the farm of the very well bred *Irish Phil (by Fair Trial) will not hurt their chances.

MARDA ME unable to keep pace early, was blocked momentarily while moving up on the backstretch, then closed resolutely although no match for the winner. HENRY ROCKET, always prominent, tired slightly in the drive. ETERNAL K could not reach the leaders. POLLY ROYAL held a contending position to the final turn, then faltered. GENERAL C, held in abeyance well back for six furlongs, moved between horses on the final turn, circled the winners turning for home to reach command in mid-stretch and gradually drew clear under pressure. MYSTERY GUEST, kept close up from the outset, came on to challenge the leader at the final turn, gained the lead briefly, then could not match the winner's closing bid. BLENDED CHOICE took command at once, withstood a stern challenge from BLUE AUTHOR at the half then tired after entering the stretch.

WINDSPRAY and MYSTERY GUEST sold to the Cymar Stable the morning of the Canadian Derby, with the purse to be divided between the two stables.

GALINDO, held within striking distance of the early leaders, responded well when called upon entering the backstretch to stake command and maintained his advantage under steady urging. ROC-AN-NOC, well back early, moved up boldly on the final turn, then was unable to improve his position in the drive. MAGGIE YATES raced evenly on the rail. KENNY K passed tiring horses. WINDSPRAY was driven up from the outside to take a long lead, then stopped suddenly when passed by the winner.

Reached post 5:39 1/2 MST. Off at once. Start good from gate.

Owners—1, Elboya Stable; 2, F. M. Clark Jr.; 3, Dilmar Stable; 4, Golden West Farm; 5, Lee Williams; 6, E. Johansen; 7, W. J. Lohead.

SEA HORDE sprinted into command at once, was well rated while being challenged from the outside by Count Lathum, responded gamely when shaken up turning for home and gradually drew clear under pressure. MAJOR TURLEY, well back as usual for six furlongs, moved up steadily thereafter and finished well to the end. COUNT LATHUM urged up to duel for the early lead at the half, faltered slightly in the final sixteenth. MINNIGERODE tired. LORD RENRAW, well placed early was eased after six furlongs and pulled up very lame.

MALE AND FEMALE LINES

MALE

His sire, STARDUST, bred by National Stud, was raced by H. H. the late Aga Khan. He was rated as second best two-year-old of 1939. As a three-year-old ran second in 2,000 Guineas and St. Leger, winning but being disqualified in the Champion Stakes. He was the best son of HYPERION at stud in Britain, his get having won more than 500 races, including many now prominent at stud around the world. Some Irish classic winners include:

PANTOMIME QUEEN — 1,000 Guineas and Oaks
STALINO — 2,000 Guineas
BRIGHT NEWS — Irish Derby

As well as major Stakes winners STAR KING, CONSTANTIA, NAHAR II, DUST DEVIL, ECLAT, etc. The 1957 Cambridgeshire was won by STEPHANOTIS, later third in Laurel Park International.

At stud STARDUST'S sons have had immediate success. STAR KINGDOM was leading sire of two-year-olds in Australia the past three seasons. In Britain AFTER MIDNIGHT, BRIGHT NEWS, HIS SLIPPER, MAHARAJ KUMAR, and STALINO (sire of HUMPTY HUMPTY who set new world record for 6 furlongs at Golden Gate), have done well. His many sons in U.S.A. and Canada have made a similar fine start.

FEMALE

The female line is one of the most prominent in the Stud Book. FAKHRY produced 3 winners besides SOODANI. The second dam FILLE DE SALUT produced 4 winners including S. W. ESQUIRE and several good producers including FILLE DE SOLEIL (dam of the leading French stallion SUNNY BOY).

FRIAR'S DAUGHTER was one of the breeding jewels of the foundation stock of the Aga Khan's studs. She produced 8 winners including the classic winners and top sires DASTUR and BAHRAM. She is the ancestress of such fine horses as THE PHOENIX, SUNNY BOY, ESQUIRE.

The dam GARRON LASS is a half sister to PLUCKY LIEGE, dam of prominent sires SIR GALLAHAD III, BULL-DOG II, ADMIRAL DRAKE, BOIS ROUSSEL.

Few families in recent years have enjoyed the prominence and justified popularity as this active branch of Family No. 16.

Here is a rare opportunity to breed to ultra-fashionable blood lines.

The English Bloodstock Review's Italian correspondent stated *ARSON was the most appealing type bred in Italy since World War I. Due to slight training difficulties, he never quite reached his foreign form in U.S.A. at four, but did win 8 races and approximately \$25,000 to the end of 1956 and still raced in 1957. PIONEER-CAFETERIA HORSE KRUNCH

Horses like these
crunchy cubes
better than whole
oats or mash.

FITTING KRUNCH

The name "Krunch" indicates the first important quality of this feed. It's a feed that horses LIKE TO CHEW . . . which stimulates the flow of saliva, aids digestion, improves assimilation.

Nutritionally, Horse Krunch provides all the necessary nutrients (in balance) that horses require for health, vigor, stamina, growth and reproduction. Under Canadian climatic conditions, this is much more important than in areas where the grazing season is longer . . . such as Kentucky. With more days on dry feed, and fewer days in

RACING KRUNCH

COMPLETE KRUNCH

direct sunlight, Canadian horses frequently suffer from deficiencies of Vitamins A, B-complex, and D. It has also been proved that Canadian horses, on a customary diet of hay and oats plus a short grazing season, have a lower level of phosphorus in their blood than Kentucky horses.

Pioneer-Cafeteria Horse Krunch is formulated to provide the levels of protein, minerals, and basic vitamins that horses require under Canadian conditions . . . plus extra Riboflavin to prevent Periodic Ophthalmia (moon blindness) . . . extra Vitamin E, the anti-sterility vitamin . . . and an antibiotic to stimulate growth and assist in prevention of digestive disturbances.

ASSINIBOIA DOWNS

By Bruce Boreham

An increase in both mutuel handle and attendance for the 42-day race meeting at Assiniboia Downs is reported by A. G. Kennedy, general manager, in a review of the 1961 season. Mutuel handle amounted to a new high for Manitoba, reaching \$7,694,389, an increase of 10 per cent. The attendance of 204, 106 showed an increase of 14 per cent.

In the mutuel handle several new records were established, including the grand total. On eleven days of the 1961 season the mutuel handle exceeded the \$200,000 mark and the final day the mutuel figures exceeded \$300,000. A new record for Quinella wagering was reached with \$53,634 on the final day.

Excellent weather conditions prevailed throughout the meeting, which provided many highlights. These included a personal visit from Johnny Longden, the world's leading rider, and Mrs. Longden, who stopped off in Winnipeg en route home to California from Toronto, where Longden rode in the Queen's Plate. A visit was received from E. E. Dale Shaffer, President of the Thoroughbred Racing Associations Inc., and Spencer Drayton, Executive Vice-President in charge of the Protective Bureau. This was their first official visit to the Downs. Another distinguished visitor was Mrs. Wilma Kennedy, the continent's leading woman trainer. For each visit a race was named in honor of the visitor who attended the winner's circle to make a presentation. Hugo Dittfach, leading rider on Ontario tracks and who established the riding record at the Downs in 1958, returned to Winnipeg on July 11 to ride six races, two of them victories.

Another feature of the meeting was the second running of the Powder Puff Derby, which was inaugurated at Assiniboia Downs in 1960. This race drew seven entries and was won by Miss Heather Willis of Carberry, riding Mercido. The Manitoba rider received the Linda Scott Memorial Trophy and a fur stole. Riders finishing second, third and fourth received hand luggage sets.

One of the most outstanding events was the 13th running of the Manitoba Derby. This race attracted the attention of E. P. Taylor, Canada's leading breeder, who entered Windspray and Mystery Guest. The race was won by Windspray with Mystery Guest in third position. Special blankets were presented to each entrant in the race by the Downs and all races on the day's program, except The Derby, bore the name of a previous Derby winner.

Derby Day was officially ushered in with a Derby Breakfast at St. Charles Country Club, sponsored by the newly formed Manitoba Division of the H.B.P.A. This was attended by horsemen from many parts of Canada and the United States. One of the contributing factors to increased public support for Manitoba's thoroughbred racing was the inauguration the four-day-week program. Wednesdays and Thursdays were "dark days". Another change that received general public ac-

claim was the moving of post time for Saturdays from two o'clock to 5:30 o'clock.

Some general statistics were:

Purse distribution	\$369,150
Daily average	\$8,790
Estimated attendance	204,106
Daily average	4,860
Mutuel handle	\$7,694,389

"F. L." PASSES ON

—by DENNY LAYZELL

Frederick Laird Smith, master statistician and a member of Western Canada's official racing family for more than 36 years, will be missed on the Prairie turf scene.

"F.L.", as he was known throughout the Canadian racing sphere, died in Calgary on January 3 and was buried in Mountain View Memorial Gardens.

Mr. Smith, who served as clerk of the course on Prairie tracks for some 30 years, was a director of the Prairie Thoroughbred Breeders and Racing Association from 1950 until his death and secretary of the Alberta Thoroughbred Horse Association in the past two years.

Born at Ormskirk, Lancashire, England, he was closely associated with the livestock industry in Western Canada for half a century.

He came to Canada from England in 1911 and was accountant of a small packing firm in Winnipeg for a brief period. Later the same year he journeyed west to Calgary to take a similar position with P. Burns and Co. Ltd., and resigned in 1913 to engage in the abattoir and meat packing business.

When the Prairie racing circuit came into being in 1925 Mr. Smith joined the R. James Speers Corporation, which conducted organized racing in the west, as circuit accountant and in 1931 became clerk of the course, a position he held in all major centres in Alberta, Saskatchewan and Manitoba until his retirement in 1958.

In the past several years he assisted in operation of meetings at Assiniboia Downs in Winnipeg and was also clerk of the course last September when organized racing was introduced in Lethbridge.

Associated with racing's governing body in the West for more than 30 years—the Prairie Thoroughbred Breeders and Racing Association—he was elected to the board of directors in 1950 and became secretary-treasurer, a post he held until his death.

In the early days of the PTB&RA Mr. Smith inaugurated an annual statistical publication to indicate the extent of Thoroughbred breeding in Western Canada and in 1935 this publication—known as The Red Book was extended to cover all of Canada.

Mr. Smith's hobbies were photography and figure skating.

Many of his photographs of leading Thoroughbreds have graced the pages of The Red Book.

He was one of the founders of the Ice Club of

Greater Winnipeg in 1946 and served as its secretary-treasurer until 1949 and in later years played a major role in its development.

An outstanding statistician, he was a font of knowledge concerning the Thoroughbred industry in the West.

Stanley Harrison of Fort Qu'Appelle, a friend of F. L. Smith for almost 40 years, wrote a eulogy which everyone connected with racing in the West will agree.

"Into the warp and woof of Thoroughbred racing on the Prairies have gone the weavings of man ygood men, but none contributed a more strengthening thread to the pattern than the late Fred Smith. The very essence of the man was an invincible integrity of purpose. His unswerving loyalty to essential truths and sound traditions distinguished all his work. In all things relative to racing in the West, he was an unfailing source of reliable information."

"From the heart of every one of us—horsemen and management alike—who knew him through his long years of loyal service, comes the kindly thought, 'well done, thou good and faithful servant'."

HANDICAPPING

According to ancient legend a Cro-Magnon man once jumped astride his horse and set out to catch a tasty dinosaur standing in the centre of a plain. His fellow cavemen waiting on the sidelines discussed the chase with such sage comments as "He'll never catch him, the plain is too rough" and "With Ug-Ug riding, the dinosaur hasn't a chance."

It is difficult to prove or disprove this story, but if it actually took place then we have located one of the earliest attempts at handicapping races.

Down through the years many systems have been devised in hopes of bringing about that one miraculous achievement—picking a winner. The 19th century might well be called the "Era of Time", for this period found selectors placing great emphasis on how fast a horse could cover a given distance of ground. It was not uncommon to see hoards of timers circulating around the infield of race courses during the early morning hours trying to catch the steeds in their workouts. These were the days of midnight trials, horses trained in the dark of night to avoid the stop watches of prospective bettors and bookmakers. What made this system feasible was the fact that the country had very few tracks at the time. It was conceivable for a thoroughbred to spend all summer performing on only two or three tracks, thus giving an important meaning to time, which does not exist today.

On the Canadian prairies, where short meetings at widely separated tracks are in style, it is difficult to place a true importance on time as a determining factor when selecting horses. A thoroughbred covering the seven furlong distance at Edmonton in 1:27 will be timed in 1:32 for a like number of panels over the Saskatoon oval, thus making comparisons an arduous task at best.

Many people are of the impression that all professional handicappers use some form of system to arrive at their selections. This is partially true, but not in the general sense that a system is outlined in many periodicals. Handicappers have one distinct advantage over the average punter in the fact

that they do not wager on the races. The merit of this can be readily seen, for the non-bettor watching a race sees all the horses perform whereas the gambler follows only the one carrying his two-dollar wager. In this way the selector also sees and records many pertinent points, such as a horse breaking slowly then finishing with a rush and another forced wide on the turn or unabel to find racing room. All these facts are noted and considered when again the unlucky performer is entered with a field of similar class.

Then there are the standard considerations in trying to choose a winner—Distance of the race; a horse closing strongly time after time going six furlongs is a potential victor at the mile distance. Conversely, the fast breaker tiring over the longer route might well last in a sprint affair. The weight a thoroughbred carries is of prime importance. Is he picking up or dropping poundage from his last few efforts in comparison to the other horses in the race? Theoretically, a runner defeating another by a nose while giving away five pounds should not repeat his victory if the spread of weight is increased to ten pounds.

Of course there are other factors to take into consideration, such as: the calibre of jockey aboard each horse; has one of the contestants changed hands recently and if so, for better or worse; condition of the track at post time and which thoroughbreds have shown a liking for the particular type of 'going'; will the post position tend to hinder or help the horse's style of running; and finally which thoroughbred in the contest seems near a peak effort?

If, after following any of the innumerable systems, the elusive winning ticket still seems beyond reach there is left one of the old tried and true styles of picking horses.

Briefly, it goes—Purchase a program, opening it to the first race. Blindfold yourself tightly and select a sharp pin. . . .

—MORRIS TAYLOR

AILMENTS OF THOROUGHBREDS

BLEEDER—Horse that bleeds after or during a workout or race, the result of a broken blood vessel.

BLISTER—A horse is blistered for one of many reasons, one being as a direct counter-irritant to pain or to assist in the removal of a synovial deposit.

BOG SPAVIN—Puffy swelling on the inside and slightly to the front of the hock. Caused by overwork or strain.

BONE SPAVIN—Bony growth inside and just below hock joint. Even with good hocks a bone spavin may occur as a result of undue concussion or strain, causing lameness.

BOWED TENDON—Actually a rupture of the sheath, which encloses the flexor tendon running from the knee to fetlock joint. The tendon, when

loosened from the cannon bone, give the appearance of a bowstring drawn back from the wood of the bow itself.

BRITTLE FEET—Due to a dry condition of the horn. Sea water and sand are believed to be a cause by some authorities.

BROKEN WIND—Breakdown of the air vesicles of the lungs, usually caused by strain or excessive feeding before exercise.

BRUSHING—Injury to the fetlock caused by a strike from the opposite foot.

BUCKED SHINS—An inflammation of the periosteum on the front of the cannon bone. It is confined chiefly to young horses, although it is possible for older horses to buck. It is not a serious ailment but it requires a lay-off of about three weeks from training routine.

CANKER—Softening of the horn of the hoof, resulting in a growth with very offensive odor. It is found where horses are stabled under bad conditions. Generally starts in the frog.

CAPPED HOCK—Caused by horse kicking or rubbing his hocks while in the stall.

CORN—The cause of a corn in a horse is the same as in a human being—too much pressure from a shoe.

COW HOCKS—When the points of the hocks are turned in.

CRIB-BITER—Some horses develop habit of swallowing air. A crib-biter or "cribber" swallows air by taking hold of the manger or other objects with his teeth. It is discouraged by using creosote or covering objects with metal.

CURB—Sprain at the back of the hock. It is common in young jumping horses.

FALSE QUARTER—Horizontal crack in hoof caused by an injury to the coronet.

FIRING—When the "iron" is applied, it is called "firing."

GRUNTING—A horse that "grunts" may or may not be unsound in the wind. A horse may be thick-in-the-wind when gross and fat. In such

cases he should not be given work requiring speed.

KNEE SPAVIN—Bony growth at the back of the knee and on the inner side. Caused by blow or strain, it is much more serious than hock spavin, but, unlike the latter, is not hereditary.

LAMINITIS—Inflammation of the sensitive parts directly under the horny wall of the foot. It is a serious and painful disease.

NAVICULAR DISEASE—One of the commonest and most serious diseases that falls to the lot of the horse. There is no known permanent cure and the ailment often is fatal. It is a corrosive ulcer on the navicular bone and is usually in the fore feet.

OSSELETS—Exostoses (bony growth) on fetlock or ankle joint, resulting from inflammation of enveloping membrane of the bone, due to injuries by external agencies (wounds, bruises, sprains, etc.).

OVER-REACHES—Caused by the inside of the toe of the hind shoe striking the foreleg on the heel or back of the coronet. Usually occurs while a horse is jumping or when the going is deep.

RING-BONE—Bony enlargement at top of hoof or near the pastern bones. Common in horses where the pasterns are too straight, causing excessive jar on the bone. "Un-nerving" is one of the drastic remedies.

CANADIAN DERBY – 32nd Running

"GALINDO" by Consider II–Texella

Winner of the second division of the 32nd running of the Canadian Derby, in Edmonton, August 19, with Don Ross up, carrying 126 lbs. Time of race: 1:54 $\frac{4}{5}$ for 1 $\frac{1}{8}$ miles. GALINDO is owned by the Azanza Bros. of Vancouver and is trained by A. G. Smithers. This is the second year in a row Don Ross has ridden the winner of the Canadian Derby. In 1960 he brought in the Dilmar Stable's Count Lathum in the annual classic. This being the second time in the Derby history that any one jockey brought in the Canadian Derby winner two years in succession.

Winner of the first division was GENERAL C. by *Star Affair–Dream Stuff; Gene Pederson up, also carrying 126 lbs. General C, owned by J. A. McDougal and trained by W. J. Lohead, won the first division in 1:54 $\frac{3}{5}$. General C. also won the Alberta Derby (see picture under Alberta Derby winner), thus becoming only the second thoroughbred to win a division of the Canadian Derby and Alberta Derby. Beau Orage accomplished this feat in 1951.

The Inaugural Running of the Saskatchewan Derby

SIR DEMIJOHN

by John C.—No Demand

Winning the Saskatchewan Derby by nine lengths only 3/5 off the track record

Owned by C. BRO & WICKSON

Trained by C. BRO

Jockey: DON ROSS

Distance: 1 1/16 miles

Time: 1:48 3/5

Track: Fast

Jockey Don Ross continuing his outstanding success in Stakes engagements in 1961. Of the 18 Stakes races on the Western Canada Circuit of Racing Don Ross had a total of 11 mounts winning six Stakes, finishing 2nd and 3rd twice, respectively, finishing out of the money only once.

INELIGIBLE FOR STABLE AT ASSINIBOIA DOWNS

The management of Assiniboia Downs after consultation with the track's official veterinarian and the Board of Stewards have listed below horses that will not be allowed to race at the 1962 race meeting.

These horses come under the following categories which are unacceptable for racing at Assiniboia Downs:

Maidens five years and older with unsatisfactory past performances.

Horses ten years or older which did not win in 1961. Horses whose past performances were unsatisfactory and did not finish 1, 2, 3 in last eight starts.

It is the desire of Assiniboia Downs to provide formful racing at all times by upgrading the calibre of horses racing at the Downs, and with the co-operation of the horsemen racing with us acquiring better horses, this can be done.

Horses listed are with 1962 ages

BREEDERS' PREMIUMS—1961

A total of 122 thoroughbred breeders in western Canada received breeders' awards totalling \$17,190.00 earned during the 1961 Alberta Saskatchewan racing season.

Under the Rules of the Alberta Saskatchewan Thoroughbred Society, 5% of any purse won by a thoroughbred raised in western Canada is deducted and paid to the breeder of the horse, regardless of the current ownership.

Only exceptions to this rule are the Stampede Futurity Stakes and Canadian and Alberta Derbies where the breeder of the winner receives a stipulated award.

Top breeder of thoroughbreds in the west proved to be Maxwell Smith of Calgary who received

\$982.00 earned mainly by two-year-old champion Silent Sandra. Bridge Hartley of Okotoks, Alberta was next in line with \$675 while the Parkhill Farm of Calgary managed third place garnering \$597. Last year's leader Lucien Maynard took fourth spot with \$539.

In all, 15 breeders received awards in excess of \$300 for the winning efforts of their thoroughbreds on tracks of the Western Canada Racing Association.

BONUSES TO HORSEMEN—1961

EDMONTON — Owners of thoroughbreds who performed on the Alberta-Saskatchewan racing circuit during the 1961 season received bonus purses totalling \$14,017.91.

Under a standing agreement between the Horse-

men's Benevolent and Protective Association and the Western Canada Racing Association, representing tracks at Calgary, Edmonton, Saskatoon and Regina a total of 57½% of the tracks' 9% take-out from the pari-mutuel betting is channelled into purses, and with wagering at the four cities reaching \$16,599,264, purses amounted to \$859,011 for the 86-day circuit.

During the season, a total of \$844,994 was paid out, leaving a net of \$14,017 to be distributed in the form of bonus purses. This amount brings the gross bonus purses paid out over the past four years to \$144,623.

All races held last season with a purse value of less than \$5,000 participate in the bonus and this accounted for 669 events with each receiving a bonus of \$20.95. Broken down to actual distribution, this amounts to 65% or \$13.62 for a winning race, 22½% or \$4.71 to second and 12½% or \$2.62 to third.

With minimum purses at Calgary and Edmonton established at \$1,100 for the summer, this boosts the lowest purse paid to \$1,120.95, highest for any tracks on the prairies. Similarly, the Saskatchewan meetings carded minimums of \$1,000 which reached \$1,020.95 with the bonus. Total purses for the Alberta-Saskatchewan circuit reached \$895,011 bringing the four-year total to \$3,198,724 a record for any comparative length of time in Western Canada.

Nado Gallelli of Calgary topped all other owners in the size of his bonus cheque, receiving \$378.93 while Mike Cojocar of Lethbridge was closest with \$295.72.
